SafeSource Aircraft Cleaner HD

Mercury Free - Zinc Free - VOC Free

- Removes Dirt, Carbon, and Baked on Hydraulic Fluids
- Works at Ambient Temperature
- Biodegradable and Non-Toxic
- Compatible with Waste Water Treatment Systems
- Non-Corrosive, Non-Abrasive and pH Neutral to Metal

Product Summary:

SafeSource Aircraft Cleaner HD is a proven blend of water based surfactants and solubilizers designed to replace products containing CFC-113, ozone depleting agents, 1,1,1-trichloroethane, petroleum distillates and terpene. This product removes heavy lubricants, baked on carbon deposits, hydraulic fluids and grease without the associated hazards. This product is non-corrosive to a wide range of metals and metal alloys. It is also non-aggressive to plastics, polymers and other electrometric materials used in the aviation and aerospace industries.

Available Sizes:

- 1 Gallon Jug (4 per case)
- 5 Gallon Pail
- 55 Gallon Drum

Dilution:

Standard Cleaning: Add 14 ounces of product per 1 U. S. Gallon with water (14 parts product to 114 parts water)

Heavy Cleaning: Add 32 ounces of product per 1 U. S. Gallon with water (32 parts product to 96 parts water).

Use Instructions: Apply directly to surface with a sprayer, sponge or cloth. Allow product to sit for 3 to 5 minutes and rinse thoroughly wiping with a clean dry cloth. For heavier deposits allow product to sit for 10 to 15 minutes and re-apply as necessary to prevent drying prior to rinsing clean.
